AUTEL TS501/TS601 Registration & Remember to update your tool Update monthly for the latest software

**Please Note:** The following instructions are compatible with Mac and Windows-based computers with a functional Internet connect. Please ensure your Internet is working properly before you proceed.

- Please visit our website *www.autel.com* to register an Autel ID.
- Sign in to <u>http://pro.auteltech.com.</u> Click on Product Registration and select your tool to register from the drop-down menu. Enter the tool's Serial Number and Password. Turn on your tool, select Setting on the Main Menu, then About, the Serial Number and Password are listed there.
- Or you can register your tool by clicking on Sign Up in the Maxi PC Suite Log in popup window, more details in step 4.

- Click Downloads on the tool page.
- Scroll to the bottom of the list and select the latest version of Maxi PC Suite. The program will download to your PC.
- Once downloaded and installed, the Maxi PC Suite icon will display on the desktop.

- In the Update window, click on Update or Update selected to initiate software download. All the available update software will be updated automatically. Select all in the bottom left corner is selected by default and cannot be canceled.
- Wait for all updates to complete. The update process can be monitored on the display. Programs are installed automatically and will replace the older version.

- Log in our website <u>www.maxitpms.com</u>.
- Select Products from the navigation menu, click on either TS501 or TS601 depending on what tool you're updating.

- Insert the SD card from the tool into your PC.
- Run the Maxi PC Suite, enter your Autel ID and Password. If you have registered before, enter information required, the Maxi PC Suite will turn to the Update Menu.
- To register your tool on the Maxi PC Suite Log in window, click on Sign up, enter the Serial Number and Registration Password, and proceed as information displayed. The Maxi PC Suite will turn to the Log in interface once you sign up successfully.
